999 18th STREET - SUITE 500
DENVER, COLORADO 80202-2405

SEPTEMBER 20. 1988

U.S. ENVIRONMENTAL PROTECTION AGENCY

PUBLIC NOTICE OF A RENEWAL OF AN NPDES PERMIT

PURPOSE OF PUBLIC NOTICE

THE PURPOSE OF THIS NOTICE IS TO STATE EPA'S INTENTION TO ISSUE A RENEWAL TO A NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) DISCHARGE PERMIT WHICH WAS ISSUED UNDER THE AUTHORITY OF SECTION 402 OF THE CLEAN WATER ACT OF 1977, AND THE INTENTION OF THE STATE OF UTAH TO CERTIFY COMPLIANCE THEREOF.

PERMIT INFORMATION

PERMITTEE NAME:	SALT LAKE CITY CORPORATION WATER RECLAMATION PLANT
MAILING ADDRESS:	1530 SOUTH WEST TEMPLE SALT LAKE CITY, UTAH 84115
FACILITY LOCATION:	1365 WEST 2300 NORTH SALT LAKE CITY, UTAH
TELEPHONE NUMBER:	801+596-5055
NPDES PERMIT NUMBER:	UT-0021725

Due to the enactment of Utah House Bill 102 in 1985, the Utah polished secondary treatment requirements no longer apply to POTWs. The final effluent limitations in this permit are based on Utah secondary treatment requirements. This action, although a part of a modification, will be considered a renewal as this permit will be expiring March 31, 1989.

The renewal permit is for the City's wastewater treatment facility which includes a preliminary and main treatment plants. The preliminary plant includes mechanical bar screens, grit chambers and Parshall flumes and located about a mile from the main plant. Wastewater is pumped from the pretreatment plant to the main plant. The treatment processes at the main plant include grit removal; primary clarification; biological oxidation with high-rate trickling filters; secondary clarification; chlorination; and anaerobic sludge digestion. Extensive improvements and expansions have been done to the City's wastewater treatment facility since the issuance of its current permit in June 1984. Pretreatment plant expanded from 45 mgd to 56 mgd. The discharge of treated wastewaters from this

R. Raymond Green, M.D.
45 South Main
Heber City, UT 84032

Dear Dr. Green,

Utah Valley Regional Medical Center is pleased to announce the beginning of the Outreach Communication Program under the direction of Dr. Robert P. Romney, Michael R. Olson, Brad C. Barker and The Patient Care Management Department. The goal of our program is to provide an effective communication link between you and the physicians caring for your patients here at our facility.

With the permission of the patients, we will be notifying you when they are admitted to our hospital, their present condition and any updates that you may need. Also, once the patient has been sent home, we will be sending you a copy of the discharge summary for your records. The initial notification will occur within one to three days after the admission depending if the admission was during a weekday or a weekend. The discharge summary will be sent as soon as it is dictated and available to me. This should be approximately three weeks after discharge. You may reach me for patient updates at 1-800-288-8762 ext# 2283 on Mondays, Wednesdays, and Fridays. This extension will receive phone-mail messages.

Due to the fact that our program is in the initial stages of development, we are working on making our communication to you in a more timely manner. We welcome any suggestions that you may have as we strive to meet your needs as well as those of the patient's.

Sincerely,

Tracey I. Walpole, R.N.
